

Biotonic™

ADAPTOGENIC TONIC

SUPPORTS DIGESTION, DETOX, AND VITALITY*

AVAILABLE IN 2 OZ LIQUID

Practitioners addressing microbiome health often work with patients who have serious, even persistent, health challenges. Supporting energy levels and a healthy stress response is always desirable, but particularly so in these cases.

Enter Biotonic™ – a tonifying synergy of two ancient Chinese formulas, one to support a healthy immune response and the other to support Qi, or vital force.* Tonification increases the available energy of various organs or systems in the body. Biotonic™ achieves that by providing additional immune, stress response, and Qi support.*

The adaptogenic botanicals in Biotonic™ support the body's ability to manage stress, and work in concert with immune and nervous function to provide support that is safe and gentle.* *Artemisia annua* (sweet wormwood) provides additional support for microbial balance and healthy inflammatory response.* Bitter herbs support digestion and nutrient absorption.*

Biotonic™ is also a perfect complement to Biocidin® when seeking nutritional support for the adrenals, GI tract, and liver.*

TONIFY:

To increase the available energy of an organ, part, or system of the body

Adaptogenic

Immune Support

Healthy Stress Response

Vitality

Healthy Digestion

Benefits

- Helps maintain healthy energy levels*
- Supports healthy digestion*
